5 steps to Accomplish the Perfect Quinceañera Makeup Look

Aside from jumping up and down with joy, one of the first things you do once you wake up on the day of your party is your Quinceañera makeup.

Follow these makeup tips that will have you looking like a natural smoking goddess.

STEP 1: Picking the perfect makeup professional

Personal recommendations are always the best! If you know someone looked like a million dollar celebrity on her special day—ask her who his or her makeup artist was, you can also go to your local mall or look up makeup schools in your area. If you found someone you feel comfortable with, arrange a trial a week before to your Quinceañera.

STEP 2: Choosing your makeup look

If your quinceañera dress is soft, girly, and delicate, choose a lighter makeup. If your look is a little bit more extravagant, a heavy makeup will be great! You can also look for inspiration online and in magazines.

STEP 3: Skincare & skin tone:

Preparing your skin is very important. Opt for a light, oil free moisturizer that'll keep your skin

hydrated and will look smooth for a longer time. Define your skin tone (fair, medium, olive or dark) and select your makeup colors according to it. Ask your makeup artist to help you define your skin tone.

STEP 4: DIY Quince makeup

If you are confident in someone of your family applying your makeup, then consider every single detail before they start.

- **Colors:** Choose the color scheme well in advance depending on your skin tone, style, gown, and party theme.
- **Eyes:** Choose waterproof products to create a makeup look that once applied, won't budge! Keep it simple, light, and fresh with tones that will make your eyes look naturally gorgeous.
- **Blush:** Use a light shade of blush for your cheekbones and a darker shade under your cheekbones.
- **Lips:** Opt for a color that'll compliment your blush. Make sure your product lasts at

least 8 hours and finished up by applying lip-gloss.

STEP 5: Touch up during your party

Always keep available a pressed powder to make sure you don't have an oily t-zone for your photographs, cotton buds to tidy up around the eye area, lipstick and gloss to look glamorous every minute of your Quinceañera.
